1. ISSUER PROFILE

GVS S.p.A. (hereinafter also “GVS” or the “Company”) is incorporated as a joint-stock company, is registered with the Bologna Register of Companies under no. 03636630372, VAT no. 00644831208 and in the Economic and Administrative Index (REA) at the Bologna Register of Companies under no. BO - 305386 and has its registered office in Zola Predosa (BO), at Via Roma n. 50, 40069. The Company is organised according to the traditional administration and control model as per Articles 2380-*bis et seq.* of the Civil Code, which provides for the Shareholders’ Meeting, the Board of Directors and the Board of Auditors.

The GVS Group offers advanced filtration solutions for many applications in various highly regulated sectors, being one of the world’s leading manufacturers of filter components and materials. The Group is a vertically integrated manufacturer able to offer high-tech solutions that allow a wide range of filters, membranes and other filter technologies to be adapted to specific customer needs.

Declaration on SME status

Pursuant to Article 1, paragraph 1, letter w)-*quater*.1 of the CFA, “SMEs” are considered to be small and medium-sized enterprises, issuers of listed shares with a market capitalisation of less than 500 million euros. Issuers of listed shares which have exceeded this limit for three consecutive years are not considered SMEs. Pursuant to Article 2-ter of the Issuers’ Regulation, for the acquisition of the SME qualification, the capitalisation is corresponding to the simple average of the daily capitalisations calculated with reference to the official price, recorded during the year. Where more than one class of shares is listed, the sum of the capitalisation of each class of shares shall be taken into account; in the case of companies whose shares are newly admitted to trading, or where trading has been suspended, capitalisation shall be calculated on the basis of the available trading period. For issuers that have requested or authorised for the first time the admission of their shares to trading on an Italian regulated market, the acquisition of the SME qualification is verified on the basis of the capitalisation value, to be calculated as the average between the maximum price and the minimum price of the offer made as part of the admission to trading process, as reported in the prospectus.

The Issuer does not qualify as an “SME” since (i) its shares are newly admitted to trading and (ii) its capitalisation value during the year, on the basis of the trading period available, was Euro 2,668,750,000.

2. INFORMATION ON THE OWNERSHIP STRUCTURES (PURSUANT TO ART. 123-BIS, PARAGRAPH 1, CFA)

(a) *Share capital structure (pursuant to Art. 123-bis, paragraph 1, letter a) of the CFA)*

At the date of this Report, the resolved, subscribed and paid-up share capital of GVS is equal to Euro 1,750,000, divided into 175,000,000 ordinary shares, fully paid up, with no nominal value. There are no other categories of shares. The same information is summarised in **Table 1** of this Report.

2020 - 2022 Performance Share Plan

On 13 March 2020, the GVS shareholders’ meeting approved an incentive plan called the “GVS 2020-2022 Performance Share Plan” (the “**2020-2022 Plan**”), which is designed to provide incentive to and retain the Group’s key resources. The regulations of the 2020-2022 Plan were approved by the Board of Directors of the Company by resolution dated 17 April 2020, after hearing the opinion of the Board of Auditors.

The purpose of the 2020-2022 Plan is to grant, free of charge, to the Chief Executive Officer and other managers of the Group, identified or to be identified by name by the Board of Directors, from among the Company's executive directors and the employees of the Company or its subsidiaries who occupy positions with the greatest impact on the Company's results or with strategic importance for the achievement of the Group's multi-year objectives, the conditional right, free of charge and non-transferable by *inter vivos* deed, to receive up to a maximum total of 1,200,000 ordinary shares in the event that certain performance objectives are achieved and while the relationship with the Group companies is ongoing.

The shares at the service of the plan will be obtained partly from treasury shares subject to purchase on the basis of the authorisation pursuant to Art. 2357 of the Civil Code granted over time by the shareholders' meeting and partly from one or more free increases in capital pursuant to Art. 2349, first paragraph, of the Civil Code, for the execution of which a specific mandate has been conferred on the Board of Directors pursuant to Art. 2443 of the Civil Code, for a maximum of Euro 12,000.00 with the issue of a maximum of 1,200,000 new ordinary shares with no indication of nominal value, with regular dividend entitlement, at an issue value equal to the accounting parity of the GVS shares on the date of execution of the proxy by means of the assignment of a corresponding amount of profits and/or profit reserves as resulting from the latest approved financial statements, in accordance with Art. 2349 of the Civil Code, under the terms, conditions and according to the procedures provided for by the Plan itself.

The 2020-2022 Plan consists of the free assignment of the right to receive and the allocation of the shares free of charge, therefore the beneficiaries are not required to pay any price to the Company for either the above assignment or the allocation.

For more information about the 2020-2023 Performance Share Plan, please refer to the Report on Remuneration, published on the Company's website www.gvs.com, in the "Investor" section.

(b) *Restrictions on the transfer of securities (pursuant to Art. 123-bis, paragraph 1, letter b) of the CFA)*

The purchase and transfer of shares are not subject to any restrictions by the Articles of Association.

(c) *Significant investments in share capital (pursuant to Art. 123-bis, paragraph 1, letter c) of the CFA)*

At the date of this Report, the shareholders of GVS who, directly or indirectly, hold a significant investment in the subscribed share capital represented by shares with voting rights, according to the results of the register of shareholders and the communications received pursuant to Art. 120 CFA, are listed below:

Declarant	Direct shareholder	% share of ordinary share capital	% share of voting rights
Massimo Scagliarini	GVS Group S.p.A.	37.5	55.0
Marco Scagliarini	GVS Group S.p.A.	36.5	42.0
Michele Scagliarini	GVS Group S.p.A.	13.0	1.5
Roberta Scagliarini	GVS Group S.p.A.	13.0	1.5

The same information is summarised in **Table 1** of this Report.

(d) *Securities conferring special rights (pursuant to Art. 123-bis, paragraph 1, letter d) of the CFA)*

The Company has not issued any securities that confer special rights of control.

It should be noted, however, that the Articles of Association contain provisions relating to the increase in voting rights. Pursuant to Article 6 of the Articles of Association, each ordinary share gives the right to two votes provided that: the share has belonged to the same person, by virtue of a real right entitling them to exercise voting rights, for a continuous period of at least 24 (twenty-four) months from the date of registration on the list established by the Company pursuant to Article 6.2 of the Articles of Association.

Pursuant to the laws and regulations in force, the Company establishes and maintains at its registered office a list (the “**List**”) with which the shareholders of the Issuer who intend to benefit from the increase in voting rights must register.

The assessment of the prerequisites for the allocation of the increased vote is carried out by the Company on the basis of the results of this list, which the shareholder who intends to benefit from the increased voting rights must join, according to the following provisions:

- (i) any shareholder who intends to be included on the list must make a request to the Company in the manner and within the terms provided by specific regulations published on the Company's website;
- (ii) the Company, after verifying the necessary prerequisites, shall enter the shareholder on the list by the fifth trading day of the calendar month following the month in which the shareholder's request is received, accompanied by the above documentation and, in any case, by the record date;
- (iii) subsequent to the request for inclusion on the list, the holder of the shares for which inclusion on the list was requested - or the holder of the real right conferring the right to vote - must notify the Company without delay, directly or through his or her intermediary, of any eventual termination of the increased voting right or of the related conditions.

Pursuant to Article 6.3 of the Articles of Association, the increase in voting rights will be ascertained on the first date between: (i) the fifth trading day of the calendar month following the expiration of twenty-four months from the date of inclusion on the List of Shareholders, without the prerequisites for the increase in rights having ceased to exist in the medium term; or (ii) the date indicated in Article 83-*sexies*, paragraph 2, of the CFA (the record date) prior to any Shareholders' Meeting, subsequent to the expiration of twenty-four months from the date of inclusion on the List of Shareholders, without the prerequisites for the increase in rights having ceased to exist in the medium term.

The increased voting rights extend proportionally to newly issued shares (the “**Newly Issued Shares**”): (i) in connection with a free capital increase pursuant to Article 2442 of the Civil Code, to which the holder is entitled in relation to the shares for which the voting rights have already vested (the “**Existing Shares**”); (ii) in exchange for the Existing Shares in the event of a merger or spin-off, provided that the merger or spin-off plan so provides; (iii) subscribed by the holder of the Existing Shares as part of a capital increase through new contributions. In such cases, the Newly Issued Shares acquire the voting bonus from the time of their registration on the List, without the need for a further continuous holding period of 24 (twenty-four) months; on the other hand, if the voting bonus for the Existing Shares has not yet matured, but is in the process of maturing, the Newly Issued Shares will be entitled to the voting bonus from the time of completion of the holding period calculated with reference to the Existing Shares from the time of their original registration on the List.

The increased voting right is lost in the event of the transfer of shares for consideration or free of charge, including operations of constitution or alienation, even temporary, of partial rights on the shares by virtue of which the shareholder registered on the List is (*ex lege* or contractually) deprived of the right to vote. In the event of a transfer for consideration or free of charge, involving only a part of the Issuer's shares with an increased voting right, the

transferor shall retain the increased voting right limited to the Issuer's shares not subject to transfer, it being understood that the benefit of the increased voting right shall be retained (i) in the event of succession due to death (ii) as a result of a transfer by virtue of a donation in favour of legitimate heirs, a family agreement, or the constitution and/or endowment of a trust, an estate fund or a foundation of which the transferor himself or his legitimate heirs are beneficiaries and (iii) in the event of a merger or spin-off of the holder of the shares. In the case of points (i) and (ii) above, the successors in title are entitled to apply for registration with the same seniority of registration as the natural person in title.

The party entitled to the increased voting right has the right to irrevocably waive, in whole or in part, the increased voting right for the shares held by it, by means of a notice to be sent to the Company in the manner and within the terms provided for by specific regulations published on the Company's website. Waiver shall have permanent effect and shall be recorded on the List.

The Company shall proceed with removal from the special list in the following cases: (i) waiver by the assignee; (ii) communication of the assignee or intermediary showing that the criteria for the increase in the voting right or loss of ownership of the legitimating right in rem and/or related voting right, are no longer met; (iii) ex officio, if the Company is informed of the occurrence of facts that entail the loss of the prerequisites for the increase in voting rights or the loss of ownership of the legitimate real right and/or the related voting right.

The special list is updated by the Company by the fifth trading day after the end of each calendar month and, in any case, by the date when the shareholders are entitled to attend the Shareholders' Meeting and exercise their voting rights, known as the record date.

- (e) *Shareholding by employees: mechanism for exercising voting rights (pursuant to Art. 123-bis, paragraph 1, letter e) of the CFA)*

As at the date of this Report, the Company has adopted the remuneration plans for Directors and employees of the Group described in section 2, letter a) above.

These plans do not envisage the attribution of voting rights to anyone other than the related beneficiaries, nor any particular mechanisms for exercising voting rights.

- (f) *Restrictions on the voting rights (pursuant to Art. 123-bis, paragraph 1, letter f) of the CFA)*

The Articles of Association do not contain any restrictions on the exercise of voting rights.

- (g) *Shareholder agreements (pursuant to Art. 123-bis, paragraph 1, letter g) of the CFA)*

There are no agreements between shareholders that are known to the Company pursuant to Article 122 of the CFA.

- (h) *Change of control clause (pursuant to Art. 123-bis, paragraph 1, letter g) of the CFA) and provisions of the Articles of Association about takeover bids (pursuant to Art. 104, paragraph 1-ter and 104-bis, paragraph 1 of the CFA)*

In the context of its ordinary business, GVS is a party to certain loan agreements and commercial agreements which, as is customary in the negotiation practice for similar agreements, contain clauses which, if applied, give the lending banks or the contractual counterparty the right to terminate such agreements in the event of a change in the control or shareholding of the Issuer.

The Articles of Association do not derogate from the provisions regarding the passivity rule provided for by Art. 104, paragraphs 1 and 1-bis, of the CFA and do not provide for the application of the neutralisation rules contemplated by Art. 104-bis, paragraphs 2 and 3, of the CFA.

(i) *Delegated powers to increase the share capital and authorise the purchase of treasury shares (pursuant to Art. 123-bis, paragraph 1, letter m) of the CFA)*

On 13 March 2020, the Company's Extraordinary Shareholders' Meeting delegated the Board of Directors to increase, against payment, with the exclusion of option rights pursuant to Article 2441, paragraphs five and six, of the Civil Code, the share capital by a maximum nominal amount of Euro 150,000.00 by issuing a maximum of 15,000,000 ordinary shares reserved for qualified investors in Italy and foreign institutional investors, as part of an institutional placement, for the purpose of admission of the Company's shares to listing on the MTA, within the maximum term of 30 June 2021 and, in any case, to be completed within the listing procedure. This authority was exhausted as part of the Company's listing process, which concluded on 19 June 2020.

In addition, also on 13 March 2020, the Extraordinary Shareholders' Meeting of the Company resolved to grant the directors the power until 13 March 2025 to increase the share capital to service the implementation of the incentive and loyalty plan called "GVS 2020-2022 Performance Share Plan", for a maximum of Euro 12,000.00 by issuing a maximum of 1,200,000 new ordinary shares with no indication of nominal value, with the same characteristics as those in issue, regular enjoyment, at an issue value equal to the accounting parity of the Company's shares on the date of execution of this proxy by assigning a corresponding amount of profits and/or profit reserves as resulting from the last financial statements approved in accordance with Art. 2349 of the Civil Code, under the terms, conditions and according to the procedures provided for by the plan itself.

(l) *Management and coordination activities (pursuant to Art. 2497, et seq., of the Civil Code)*

The Issuer is controlled by law, pursuant to Article 2359, paragraph 1, of the Civil Code and Article 93 of the CFA, by GVS Group S.p.A. - whose share capital with voting rights is held 53.3% by Massimo Scagliarini, Chief Executive Officer of the Issuer - which indirectly controls the Issuer by right pursuant to Article 93 of the CFA.

However, GVS is not subject to management and coordination activities pursuant to Articles 2497 *et seq.* of the Civil Code by GVS Group S.p.A. or any other company or entity.

The lack of direction and coordination over GVS is also inferred from the following circumstances:

- (a) the main decisions relating to the management of GVS's business are taken within GVS's own bodies;
- (b) the Board of Directors of GVS is responsible, amongst other aspects, for examining and approving the strategic, industrial and financial plans and budgets of GVS, examining and approving the financial and credit access policies of the Issuer, examining and approving the organisational structure of GVS, evaluating the adequacy of the organisational, administrative and accounting structure of the Company;
- (c) GVS operates in complete autonomy with respect to the management, even if indirectly through the companies of the Group, of relations with clients and suppliers, without any interference from parties outside of the Issuer;
- (d) GVS Group S.p.A. does not perform any centralised treasury function in favour of GVS.

The Company exercises management and coordination activities, pursuant to Art. 2497 *et seq.* of the Civil Code, over the Italian companies belonging to the GVS Group and controlled, directly or indirectly, outlining their medium-long term strategies in terms of economic and financial results, industrial and investment objectives and commercial and marketing policies.

Lastly, it is specified that:

- the information relating to “*agreements between the company and the directors [...] which provide for indemnities in the event of resignation or dismissal without just cause or if their employment ceases following a takeover bid*” is contained in the report on the remuneration policy and compensation paid published in accordance with Article 123-ter of the CFA, which will be made available to the public within the terms and according to the procedures of the applicable laws and regulations;
- information relating to “*the rules applicable to the appointment and replacement of directors [...] as well as to the amendment of the Articles of Association, if different from the laws and regulations applicable in the alternative*” is illustrated in paragraph 4.1. below of this Report, dedicated to the Board of Directors.

3. COMPLIANCE (pursuant to Art. 123-bis, paragraph 2, letter a) of the CFA)

The Company has adhered to the Corporate Governance Code, in the version in force during the year and accessible to the public on the Borsa Italiana website (www.borsaitaliana.it), undertaking to carry out all the activities necessary to fully implement the principles and provisions contained therein. During 2020, the Corporate Governance Code published in January 2020 was studied and the necessary measures to ensure compliance will be introduced.

The Company and its subsidiaries are not subject to non-Italian legal provisions which influence the corporate governance structure of GVS itself.

4. BOARD OF DIRECTORS

4.1 Appointment and Replacement (pursuant to Art. 123-bis, paragraph 1, letter l), of the CFA)

Pursuant to Article 16 of the Articles of Association, the Company is governed by a Board of Directors numbering between 5 (five) and 9 (nine) members, who may or may not be shareholders, in accordance with the rules in force over time on gender balance. The Shareholders' Meeting that appoints the Board of Directors determines the number of members and their term of office, which may not exceed three years, expiring on the date of the Shareholders' Meeting convened to approve the financial statements for the last year of their term of office. Directors may be re-elected and must meet the requirements of the law and applicable regulations.

Directors are appointed by the Shareholders' Meeting on the basis of lists submitted by the shareholders. Pursuant to Article 17 of the Articles of Association, the directors are appointed by the shareholders' meeting on the basis of lists presented by the shareholders and filed at the Company's registered office within the terms and in compliance with the law and regulations in force at the time .

Only shareholders who, alone or together with others, own voting shares representing a percentage no lower than the percentage envisaged for the Company by the laws and regulations in force at the time, have the right to submit lists. The notice of the Shareholders' Meeting called to deliberate on the appointment of the Board of Directors indicates the percentage shareholding required for the presentation of the lists of candidates.

Each shareholder as well as (i) shareholders belonging to the same group, meaning the controlling party, including non-corporate, pursuant to Article 2359 of the Civil Code and any company controlled by, or under the common control of, the same party, or (ii) shareholders who are party to the same shareholders' agreement pursuant to Article 122 of the CFA, or (iii) shareholders who are otherwise associated with each other by virtue of associative relationships

relevant under the law, including regulations, in force, may not submit - or participate in the submission, even through a third party or trust company - more than one list or vote for different lists. Accessions and votes cast in violation of this prohibition will not be attributed to any list if they determine the outcome of the vote. Each candidate may appear on only one list under penalty of ineligibility.

Without prejudice to compliance with the criterion guaranteeing a balance between genders, in each list comprising more than five candidates at least two individuals must meet the independence requirements established pursuant to the laws and regulations in force (the “**Independent Directors**”). Lists that do not comply with the above terms are not considered to have been presented. Each person with voting rights may vote for one list only.

At the end of the vote, the candidates on the two lists that have obtained the highest number of votes, provided that they exceed half of the percentage of share capital required for the presentation of lists, to be calculated at the time of voting, are elected according to the following criteria: (a) a number of directors equal to the total number of members of the Board of Directors, as previously established by the Shareholders' Meeting, minus one, is taken from the list that has obtained the highest number of votes (the “**Majority List**”); within these numerical limits, the candidates are elected in the numerical order indicated on the list (b) one director is taken from the list that obtained the second highest number of votes and that is not connected in any way, not even indirectly, with the shareholders who submitted or voted for the Majority List (the “**Minority List**”), in the person of the candidate indicated with the first number on the list.

In the event of a tie in votes between two or more lists, the votes obtained by the lists are divided by one, two, three and so on, depending on the number of directors to be appointed. The resulting ratios are assigned sequentially to the potential candidates on each of the lists in the respective order established by each list. The ratios assigned to potential candidates from the various lists are ranked in decreasing order. The potential candidates who obtained the highest ratios are elected. With reference to the potential candidates who have obtained the same quotient, the potential candidate of the list that has expressed the smallest number of nominations will be selected; in the case of several lists that have already expressed the same number of nominations, and always with the same quotient, the potential candidate who is the oldest will be elected. If only one list has been presented, all the directors will be drawn, in progressive order, solely from the list presented.

If the candidates elected in the manner described above do not ensure the appointment of as many Independent Directors as required by current legislation: (a) if there is a Majority List, the non-independent candidates (representing the number of missing Independent Directors) elected as last in numerical order on the Majority List shall be replaced by the unelected Independent Directors on the same list according to the sequential order; (b) if there is no Majority List, the non-independent candidates (representing the number of missing Independent Directors) elected as last on the lists from which no Independent Director was drawn shall be replaced by the unelected Independent Directors on the same lists according to the sequential order. Furthermore, if as a result of the above procedures the composition of the Board of Directors does not allow compliance with the gender balance requirements, the candidate of the most represented gender elected last in numerical order from the only list presented or, if more than one list is presented, from the Majority List, will be excluded and will be replaced by the first unelected candidate, taken from the same list, belonging to the other gender; and so on until a number of candidates equal to the minimum number required by the regulations in force over time on gender balance are elected. If the procedure described above does not ensure, in whole or in part, compliance with the gender balance, the Shareholders' Meeting shall supplement the members of the Board of Directors with the majorities required by law, ensuring that the requirement is met.

The Board of Directors may also appoint from among its members one or more managing directors and/or an executive committee, establishing the limits of their powers and, in the case of an executive committee, the number of its members and the rules governing its operation. The Board of Directors may also appoint the committees envisaged by the codes of conduct drawn up by the management companies of regulated markets, establishing their duties, the number of members and the rules of operation.

Directors remain in office for the period established by the Shareholders' Meeting and, in any case, for a period that cannot exceed three financial years and their term of office expires on the occasion of the Shareholders' Meeting called to approve the financial statements for the last financial year of their office. Directors may stand for re-election”.

The Articles of Association do not provide for independence requirements, other than those established for auditors pursuant to Article 148 of the CFA, and/or integrity and/or professionalism requirements for assuming the office of director, also with reference to the requirements in this regard provided by codes of conduct drawn up by companies managing regulated markets or by trade associations.

In addition to the regulations of the CFA, GVS is not subject to further sector regulations regarding the members of the Board of Directors, in particular with reference to the representation of minorities or the number and characteristics of directors.

Succession plans (*Application criterion 5.C.2*)

The Board of Directors decided not to adopt any plan for the succession of executive directors, taking into account the fact that the Company believes that - in light of the analysis of the available information and the current structure of the Company's capital - the time required to cope with the temporary phase of identifying suitable candidates is in any case compatible with the need not to compromise the Company's ordinary operations.

4.2 Members (pursuant to Art. 123-bis, para. 2, letter d) of the CFA)

The GVS Board of Directors in office at the date of the Report consists of nine members, was appointed by the Issuer's Ordinary Shareholders' Meeting on 13 March 2020 and will remain in office until the approval of the financial statements for the year ending 31 December 2022.

It should be noted that, again on 13 March 2020, as part of the listing process of GVS on the Mercato Telematico Azionario, the Ordinary Shareholders' Meeting of the Issuer resolved to increase the number of members of the Board of Directors by appointing a further four members of the Board of Directors, all of whom meet the independence requirements provided for by the combined provisions of Articles 147-ter, paragraph 4, and 148, paragraph 3, of the CFA, as well as Article 3 of the Corporate Governance Code, with effect subject to the date of commencement of trading.

The provisions on list voting contained in the Articles of Association - which reserve the appointment of a member to be elected to the list that comes second in terms of number of votes after the majority list and is not connected in any way, not even indirectly, with the shareholders who submitted or voted for the majority list - will apply only from the first renewal of the Board of Directors following the date on which trading commences. At the close of the Financial Year, the Board of Directors had the following members:

Diversity criteria and policies

The Articles of Association already provide for rules for the members of the lists and supplementary voting mechanisms aimed at ensuring the presence on the Board of the minimum number of members belonging to the least represented gender, in accordance with the provisions of the applicable legislation.

The Board of Directors in office complies with the rules envisaged, for newly listed companies by the CFA, as amended by Law no. 160/2019 which replaced paragraph 1, Art. 1 of Law 120/2011 and, starting from the next renewal, the less represented gender must obtain at least two-fifths of the elected directors and this distribution criterion will apply for six consecutive terms.

Maximum number of offices held in other companies

The list of positions held by the Company's Directors in other companies, including companies listed on regulated markets (including foreign markets), in financial, banking, insurance or other large companies, is attached (**Annex 4**) to this Report.

The Board of Directors has not deemed it necessary to define any general criteria with regards to the maximum number of administrative and control offices held in other companies that can be considered compatible with an efficient holding of the role of director of the Issuer, without prejudice to the requirement of each Director to evaluate the compatibility of the offices of director and auditor held in other companies listed in regulatory markets (both Italian and foreign), financial companies, banks, insurance brokers, or companies of significant size, with the diligent fulfilment of the tasks accepted as Director of the Issuer.

These meetings made it possible to provide participants, including members of the Board of Auditors, with an adequate knowledge of the sector in which GVS operates, of company dynamics, of the principles of correct risk management and of the regulatory and self-regulatory framework of reference

4.6 Independent Directors

Pursuant to the combined provisions of Article 37 of Consob Regulation no. 16191 of 29 October 2007 and Articles 147-ter, paragraph 4, and 148, paragraph 3, of the CFA, as well as in compliance with Article 3 of the Code, on 13 March 2020, the Issuer's Ordinary Shareholders' Meeting appointed - with effect subject to the Trading Start Date and in addition to the Board of Directors appointed previously - four independent directors, in the persons of Nadia Buttignol, Arabella Caporello, Alessandro Nasi and Michela Schizzi. The independent directors took office on 19 June 2020, following the listing of the Company on the MTA.

The Board of Directors believes that the number of directors who meet the independence requirements is adequate in relation to the size of the Board of Directors and the activities carried out by the Company.

At the Shareholders' Meeting held on 13 March 2020, the individual candidates for the position of independent Director declared that they met the independence requirements of Article 148, paragraph 3, of the CFA and the Corporate Governance Code.

To the best of the Issuer's knowledge, the independent directors of the Issuer (i) have not, in the last three financial years and up to the date of this Report, had any employment contracts or relationships of a financial or professional nature, either directly or indirectly, through third

party companies or professional firms, with the Issuer, the parent company GVS Group S.p.A, subsidiaries or companies subject to common control or parties related to the Issuer and (ii) are not and have not been in the last three financial years significant representatives of the Issuer, its subsidiaries with strategic importance, GVS Group S.p.A. and/or companies controlled by the same. The independence of the directors, pursuant to Articles 147-*ter*, paragraph 4, and 148, paragraph 3, of the CFA and Article 3 of the Corporate Governance Code, was verified by the Board of Directors of the Issuer on 13 March 2020. Finally, the Board of Directors has assessed the meeting of independence requirements pursuant to Art. 3.C.1 of the Corporate Governance Code, including on the basis of the declarations made by the individual Directors through the compilation of a specific questionnaire containing information on the offices and professional activities carried out.

The Board of Auditors verified the correct application of the assessment criteria and procedures adopted by the Board of Directors to evaluate the independence of its members and the positive outcome of this control was reported to the Board of Directors at its meeting on 13 March 2020.

The Independent Directors did not deem it necessary to meet further in the absence of the other Directors, given the quality of the information received from the delegated bodies and their active participation in the Board and the Committees, which allowed them to adequately investigate the issues of interest to them.

4.7 *Lead Independent Director*

In light of the clear separation of the roles of Chairman and Chief Executive Officer and taking into account that the position of Chairman of the Board of Directors is not held by the person who controls the Company, the Issuer has not appointed a lead independent director, since the conditions set out in application criterion 2.C.4 of the Corporate Governance Code do not apply.

5. PROCESSING OF CORPORATE INFORMATION

Procedure for the management of disclosure requirements in the area of internal dealing

In accordance with the provisions pursuant to Article 19 of Regulation (EU) 596/2014 and Article 152-*octies* of the Issuers' Regulation, the Board of Directors of the Issuer on 14 February 2020 resolved to adopt, with effect from the date of submission to Borsa Italiana of the application for admission to trading on the MTA, a procedure for the management of disclosure obligations arising from the rules on internal dealing.

In particular, this procedure governs the disclosure obligations that “internal obligated parties” have towards Consob and the Company, in relation to transactions they carry out involving shares or debt instruments issued by the Company, as well as derivatives and other financial instruments linked to shares or debt instruments.

The procedure envisages, *inter alia*, that the Company must ensure that the “significant transactions” - defined on the basis of subjective, objective and quantitative requirements - notified to it are subsequently communicated to the public within 3 (three) working days.

The procedure also requires the Company to publish the information thus received within 3 (three) working days from the date the transaction was executed, by sending a press release through media that can reasonably guarantee effective dissemination of the information to the public throughout the European Union.

Persons who hold more than 10% of the share capital represented by shares with voting rights must also notify Consob and publish information on transactions in “significant financial instruments” carried out by themselves and by “persons closely associated with them” by the end of the fifteenth day of the month following the month in which the transaction was carried out.

Register of persons with access to inside information

In accordance with the provisions of Article 18 of Regulation (EU) 596/2014, the Board of Directors of the Issuer on 14 February 2020 adopted a procedure for the internal management and external communication of documents and information concerning the Company and established a register of persons with access to inside information (the “**Insider Register**”).

All members of the administrative, management and control bodies, employees, consultants and collaborators of the Company and its subsidiaries and in general all those who have access to privileged information and with whom there is a professional collaboration relationship, whether it is an employment contract or otherwise, and who, in the performance of certain tasks, have access to privileged information, such as consultants, accountants or credit rating agencies, are entered in the Insider Register.

The Company's corporate legal department, in the person of its manager, is responsible for keeping and maintaining the Insider Register.

The Chairman of each Board Committee shall provide information on the Committee's meetings at the first available meeting of the Board of Directors, in line with the provisions of application criterion 4.C.1, letter d) of the Corporate Governance Code.

The Company has not assigned the functions of one or more committees provided for in the Corporate Governance Code to the Board of Directors.

In addition, at the date of this Report, there are no Committees other than those recommended by the Corporate Governance Code.

7. APPOINTMENTS AND REMUNERATION COMMITTEE

Considering the size and organisational structure of the Issuer, the Board of Directors has deemed it appropriate to combine the functions set out in Articles 5 and 6 of the Corporate Governance Code into a single committee.

In order to conform its corporate governance model to the recommendations contained in Articles 5 and 6 of the Corporate Governance Code, on 14 February 2020 the Issuer's Board of Directors resolved to set up an appointments and remuneration committee (the “**Appointments and Remuneration Committee**”).

The internal control and management system contributes to the management of the Company in line with the corporate objectives defined by the Board of Directors, encouraging informed decision-making. It contributes to ensuring the safeguarding of corporate assets, the efficiency and effectiveness of corporate processes, the reliability of information (not only financial) provided to corporate bodies and the market, compliance with laws and regulations as well as with the Articles of Association and internal procedures.

The internal control and risk management system involves, each within its own sphere of competence:

 - (1) one or more directors, responsible for establishing and maintaining an effective internal control and risk management system; and
 - (2) a control and risk committee, having the characteristics indicated in principle 7.P.4 of the Corporate Governance Code, with the task of supporting, by means of an adequate preliminary activity, the evaluations and decisions of the Board of Directors relating to the internal control and risk management system, as well as those relating to the approval of the periodic financial reports;

On 09 July 2013, the Issuer's Board of Directors adopted an organisational, management and control model pursuant to Legislative Decree 231/2001, aimed at ensuring conditions of fairness and transparency in the conduct of business activities, to protect the position and image of the Issuer, the expectations of its shareholders and the work of its employees. In particular, the model was prepared by the Issuer on the basis of the identification of the areas of possible risk in the company's activities within which the possibility of committing offences is deemed to be the highest, and has the following aims:

- (a) to ensure conditions of correctness and transparency in the conduct of the company's business and activities, to protect its position and image as well as the expectations of its employees; and
- (b) to raise the awareness of all those who work in the name and on behalf of the Issuer so that, in the performance of their activities, they follow correct and straightforward conduct, such as to prevent the risk of commission of the offences referred to in Legislative Decree no. 231/2001.

The Organisation, Management and Control Model pursuant to Italian Legislative Decree no. 231/2001 adopted by the Issuer is structured as follows:

- (i) the general part of the model, which includes an examination of the regulations contained in Legislative Decree 231/2001; an illustration of the Issuer's organisational, management and control model; a description of the Issuer's organisational structure, including an analysis of the main elements of corporate governance and the various organisational processes; a map for identifying activities at risk of crime; information relating to the dissemination of the model in the corporate context and externally; the general principles underlying the disciplinary and sanctions system; the characteristics, powers and functions of the supervisory body;
- (ii) the special section, containing the description of the types of offences, their main features and the related applicable sanctions; the identification of the areas at potential risk of "offence" and the corporate roles involved, the control protocols, the general principles of conduct, the activities of the Supervisory Body and the tasks that the latter is called upon to perform, for each of the types of alleged offences considered relevant for the Issuer (among which, we point out offences against the public administration; corporate crimes; computer crimes; crimes against the individual; crimes against industry and commerce; provisions on hygiene, health and safety at work; transnational crimes; crimes of receiving stolen goods, money laundering and use of money, goods or utilities of illegal origin; and the employment of citizens of third countries whose stay is irregular).

The organisation, management and control model is constantly monitored and periodically updated.

The Supervisory Body was appointed by the Board of Directors for the first time on 31 May 2013 in a collegial composition and subsequently reconfirmed in a single-member composition, following the resignation of one of the two members ("**Supervisory Body**"), with provision for tacit renewal of the appointment from year to year.

This Supervisory Body complies with the independence, professionalism and continuity of action requirements required by law for this body.

10.4 Independent Auditors

By resolution of 14 February 2020, the Issuer's Shareholders' Meeting approved, with effect subject to admission of the Shares to trading on the MTA, the assignment to

PricewaterhouseCoopers S.p.A. (the “**Independent Auditing Firm**”) the engagement for the statutory audit of the accounts pursuant to Article 17 of the aforementioned Legislative Decree No. 39 of 2010, as subsequently amended by Legislative Decree No. 135 of 2016, for the financial years 2020-2028, in replacement of the engagement already conferred on 18 April 2019, pursuant to Article 14 of Legislative Decree No. 39 of 2010 and Article 2409-*bis et seq.* of the Civil Code, with reference to the Issuer's statutory and consolidated financial statements for the three-year period 2019-2021. Also by resolution of 14 February 2020, the Issuer's Shareholders' Meeting approved, with effect subject to admission of the Shares to trading on the MTA, the appointment of the Independent Auditors to perform a limited audit of the Issuer's condensed interim consolidated financial statements for the six-month periods ending 30 June of FYs 2020-2028.

10.5 Head of Corporate Financial Reporting

Pursuant to Article 154-bis of the CFA, listed issuers having Italy as their home member state must appoint a Head of Corporate Financial Reporting, providing in their Articles of Association the requirements of professionalism and the methods of appointment of the same.

Pursuant to Article 154-bis of the CFA, the acts and communications of the company disclosed to the market, and relating to the accounting information, including interim information of the company, are accompanied by a written statement of the manager responsible for preparing the company's financial reports, certifying that they correspond to the document results, books and accounting records. Pursuant to paragraph 3 of the same provision, the Head of Corporate Financial Reporting shall prepare adequate administrative and accounting procedures for the preparation of the annual financial statements and, where applicable, the consolidated financial statements, as well as any other communication of a financial nature by the Company.

In addition, the Head, together with the delegated administrative bodies, certifies with a specific report the financial statements, the condensed half-yearly financial statements and, where drawn up, the consolidated financial statements:

- (a) the adequacy and effective application of the procedures referred to in paragraph 3 of Article 154-*bis* of the CFA during the period to which the documents refer;
- (b) also in application of the application criterion 7.C.2 of the Corporate Governance Code, that the documents are drawn up in compliance with the applicable international accounting standards recognised in the European Community pursuant to Regulation (EC) no. 1606/2002 of the European Parliament and of the Council of 19 July 2002;
- (c) that the figures in the documents tally with those in the books of account and the entries therein;
- (d) that the documents are suitable for giving a truthful and accurate picture of the issuer's assets, liabilities, revenues, expenditures and finances and those of the entire set of undertakings included in the scope of consolidation;
- (e) in the case of annual Financial Statements and Consolidated Financial Statements, that the Directors' Report includes a reliable analysis of the running of the enterprise and its results, of the issuer's circumstances and those of the entire set of undertakings included in the scope of consolidation, together with an account of the main risks and uncertainties to which they are exposed;
- (f) for the condensed half-yearly financial statements, that the interim management report contains a reliable analysis of the information referred to in Article 154-*ter*, paragraph 4, of the CFA.

In application of the above provisions of law, Article 30 of the Articles of Association provides that the Board of Directors, subject to the mandatory opinion of the Board of Auditors, appoints the Head of Corporate Financial Reporting.

The same provision of the Articles of Association also requires that the person appointed as the Head of Corporate Financial Reporting has the professional requirements characterised by at least three years' experience in administration, finance and control, as well as the integrity requirements laid down for directors by current legislation.

On 13 March 2020, the Board of Directors appointed Emanuele Stanco as the Head of Corporate Financial Reporting, with effect subject to the Trading Start Date.

10.6 Coordination between the parties involved in the Internal Control and Risk Management System

Coordination between the parties involved in the internal control and risk management system takes place, at least every six months, at meetings of the Board of Directors and the Control, Risk and Sustainability Committee, attended by all the parties with control functions or functions connected with the internal control and risk management system.

The meetings therefore involve the Director in charge of the internal control and risk management system as well as the Financial Reporting Manager, the Head of Internal Audit and the Board of Auditors.

The Control, Risk and Sustainability Committee met on 15 July 2020, 07 September 2020 and 03 November 2020. These meetings, which were attended by the Board of Auditors, were also attended by the Director in charge of the internal control and risk management system and the Head of the Internal Audit Department, as well as, on the occasion of the meetings concerning the annual and interim financial results, by PriceWaterhouseCoopers S.p.A., the company appointed to perform the statutory audit of the accounts.

11. INTERESTS OF THE DIRECTORS AND RELATED PARTY TRANSACTIONS

The Company has approved the “Procedure for Related Party Transactions” pursuant to Article 2391-*bis* of the Civil Code and the Related Parties Regulation, suitable for ensuring that directors receive complete and exhaustive information on this type of transaction.

Furthermore, in compliance with the regulations in force, the delegated bodies shall report promptly to the Board of Directors and to the Board of Auditors at least every three months and, in any case, on the occasion of the meetings of the Board of Directors, on the operations in which they have an interest, on their own behalf or on behalf of third parties.

11.1 Essential elements of the Related Parties Procedure

Pursuant to the Regulation containing provisions on related party transactions, adopted by Consob with resolution no. 17221 of 12 March 2010, as subsequently amended and supplemented (the “**Related Parties Regulation**”), Italian companies with shares listed on regulated markets in Italy or other European Union countries and with shares widely distributed among the public to a significant extent must comply with a series of principles (set out in the Regulation itself) in order to ensure the transparency and substantial and procedural correctness of related party transactions carried out directly or through subsidiaries.

On 14 February 2020, the Board of Directors approved the draft “Procedure for Related Party Transactions” pursuant to Article 2391-*bis* of the Civil Code and the Related Parties Regulation. The draft of the procedure was submitted for final approval by the Issuer’s Board of Directors on 16 July 2020, subject to the opinion of the Control, Risk and Sustainability Committee, which proposed some amendments, incorporated into the current text. The procedure

furthermore determines the procedures for the inquiries regarding guidelines for and approval of transactions with related parties defined to be of major significance based on the criteria indicated in the Related Party Regulation and the transactions with related parties defined as being of lesser importance, such being those other than those of major significance and the transactions involving negligible amounts (the latter being transactions which, when considered individually, have a value of no more than Euro 75,000 when the related party is a natural person, or a value no more than Euro 300,000 when the related party is an individual other than a natural person; if the same related party should accumulate transactions for a value equivalent to double the materiality threshold envisaged for Transactions of negligible value, the related party transaction in question will no longer be exempt from the procedure) (the “**Related Parties Procedure**”).

The Related Parties Procedure, in accordance with the provisions of the Related Parties Regulation, defines as highly significant transactions with related parties those carried out also by Italian or foreign subsidiaries, in which at least one of the relevance indexes indicated in attachment 3 of the Related Parties Regulation exceeds the thresholds provided therein and entrusts a specific company supervisory body (consisting of the Chief Financial Officer and the head of the corporate legal department) with the task of ascertaining the terms of application of the procedure to a given transaction, including whether a transaction falls within the category of highly significant transactions or less significant transactions. The draft procedure provides that the Company will be provided with an exception granted under Article 10, paragraph 1 of the Related Parties Regulation, as the Company has recently been listed and therefore, approval of the transactions of greater significance with related parties will take place according to the procedures set forth for approval of transactions of lesser significance with related parties. The aforementioned simplified regime is applicable from the Trading Start Date up to the approval date of the financial statements for the year ending 31 December 2022.

In compliance with the Related Parties Regulation, the Related Parties Procedure provides that prior to the approval of a transaction with related parties, the Committee for Transactions with Related Parties, composed of at least 3 independent directors of the Issuer, shall express a non-binding reasoned opinion on the interest of the Company in its execution as well as on the convenience and substantial correctness of the conditions provided.

The Issuer has identified the Control, Risk and Sustainability Committee as the competent body in relation to related party transactions. It should be noted that, as of the date of this Report, the Control, Risk and Sustainability Committee - the effectiveness of which is in any case subject to the Start of Trading - is composed of three independent Directors (Arabella Caporello, Nadia Buttignol and Michela Schizzi) - appointed by the Company’s Ordinary Shareholders’ Meeting on 13 March 2020.

The rules provided for by the Related Parties Procedure do not apply in cases of exemption, identified on the basis of Articles 13 and 14, paragraph 2, of the Related Parties Regulation. It is envisaged that any renewals of contracts with Related Parties, including tacit and automatic renewals, will be carried out in accordance with the Related Parties Procedure.

The Related Parties Procedure can be consulted on the Company's website www.gvs.com in the “*Governance/Documents and Procedures*” section, to which reference should be made for all details.

12. APPOINTMENT OF AUDITORS

The appointment of the members of the Board of Auditors is governed by Articles 23 and 24 of the Articles of Association. The Board of Auditors is appointed by the Shareholders' Meeting, which at the time of appointment determines the remuneration due for the entire term of office.

The Auditors are appointed on the basis of lists in accordance with the provisions of the law and regulations in force, in order to guarantee a balance between genders and to ensure that the minority has the right to appoint one Regular Auditor and one Alternate Auditor. Pursuant to Article 24 of the Articles of Association, the regular and alternate auditors are appointed by the Shareholders' Meeting on the basis of lists of candidates presented by the shareholders and filed at the Company's registered office within the terms and in compliance with the legal and regulatory provisions in force at the time, in which the candidates must be listed by means of a progressive number.

Lists may be presented by shareholders who, alone or together with others, at the time the list is presented, own voting stock representing at least the percentage of share capital required for the presentation of lists of candidates for the office of director. The notice of call of the Shareholders' Meeting called to deliberate on the appointment of the Board of Auditors indicates the percentage shareholding required to present the lists of candidates

Each shareholder as well as (i) shareholders belonging to the same group, meaning the controlling party, including non-corporate, pursuant to Article 2359 of the Civil Code and any company controlled by, or under the common control of, the same party, or (ii) shareholders who are party to the same shareholders' agreement pursuant to Article 122 of the CFA, or (iii) shareholders who are otherwise associated with each other by virtue of associative relationships relevant under the law and applicable, including regulations, in force, may not submit - or participate in the submission, even through a third party or trust company - more than one list or vote for different lists. If an individual who is connected to a reference shareholder has voted for a minority list, the existence of said relation shall only become relevant if the vote was crucial for the election of the Auditor.

Each candidate may appear on only one list under penalty of ineligibility.

The list shall include two sections: one for the regular auditor candidates, and one for the alternate auditor candidates. The list must indicate at least one candidate for the position of Regular Auditor and one candidate for the position of Alternate Auditor, and may contain up to a maximum of three candidates for the position of Regular Auditor and two candidates for the position of Alternate Auditor.

The first candidate in each section shall be a certified auditor and have worked for a minimum of 3 (three) years as an auditor for clients that are legally required to have their financial statements audited. The other candidates, if they do not meet the requirements stipulated in the previous sentence, shall meet the other professional requirements under the Articles of Association and applicable legislation and regulations.

In order to ensure a balance between genders, the lists of at least three candidates must be made up of candidates belonging to both genders, so that a number of candidates belonging to the less represented gender complies with the minimum requirements provided for by law and the *pro tempore* regulations in force concerning the balance between genders.

Lists must be supplied complete with: (i) information regarding the identity of the shareholders who have submitted the lists, with an indication of the overall percentage of shareholding held, it being understood that the certification proving the ownership of such shareholding may also be produced after the filing of the lists provided that it is within the deadline set for the publication of the lists by the Company; (ii) a declaration by the shareholders who have submitted the lists other than those who hold, even jointly, a controlling or relative majority interest, certifying the absence of any relationship of direct or indirect connection with the latter, pursuant to the Articles of Association and the laws and regulations in force at the time; (iii) exhaustive information on the personal and professional characteristics of the candidates, with an indication of the directorships and audit appointments held in other companies, as well as a declaration by the candidates themselves confirming that they meet the requirements, including those of honourableness, professionalism, independence and the number of offices

held, provided for by the law and regulations in force at the time and by the Articles of Association; (iv) a declaration by each candidate accepting their candidature; (v) any other or different declaration, information and/or document required by the law and regulations in force at the time .

The lists shall be submitted at the Company's registered office, also electronically, as stated in the notice, and made public within the time and in the manner laid down by applicable legislation and regulations. If only one list has been submitted by the deadline for filing lists, or only lists submitted by shareholders who are related to each other, the *pro tempore* regulations in force for companies with shares listed on regulated markets will apply.

In the event of non-compliance with the requirements laid down in this Article, the list will be deemed not submitted. Any changes that may occur up to the day the Shareholders' Meeting is actually held shall be promptly notified to the Company.

The vote of each shareholder will concern the list and hence automatically all the candidates appearing on the list, without any provision for modifications, additions, or exclusions.

Pursuant to Article 25 of the Articles of Association, the Board of Auditors is appointed in accordance with the following provisions:

- (a) 2 regular auditors and 1 alternate auditor are taken from the list that obtained the highest number of votes (the "**Majority List of Auditors**"), based on the progressive order in which they are listed in the sections of the list;
- (b) the remaining Regular Auditor - who will take on the office of Chairman of the Board of Auditors - and the other Alternate Auditor are taken from the list that obtained the second highest number of votes and that is not connected in any way, not even indirectly, pursuant to the Articles of Association and the laws and regulations in force at the time, with those who submitted or voted for the Majority List of Auditors (the "**Minority List of Auditors**"), based on the progressive order in which they are listed in the sections of the list.

If more than one list has obtained the same number of votes, a new ballot will be held between these lists by all those entitled to vote present at the Shareholders' Meeting, and the candidates on the list that obtains the relative majority will be elected. If a person connected to a shareholder who has submitted or voted for the Majority List of Auditors has voted for another list, the existence of such a connection becomes relevant only if the vote was decisive for the election of the auditor to be taken from that other list.

If only one list is presented, the Shareholders' Meeting shall pass resolutions with the majorities required by law and all the Auditors shall be elected from that list, according to the relative progressive order.

If, as a result of voting for lists or voting for the single list, the composition of the Board of Auditors is not ensured, in terms of its regular members, in compliance with the minimum requirements provided for by law and regulations in force over time on the subject of gender balance, the candidate for regular auditor of the most represented gender elected as last in progressive order from the Majority List of Auditors or from the single list shall be replaced by the next candidate, according to the progressive order with which the candidates are listed, taken from the same list and belonging to the other gender.

If no list is presented, the Shareholders' Meeting appoints the Board of Auditors with the majorities required by law, in such a way as to ensure compliance with the minimum requirements of the law and the regulations in force at the time concerning gender balance.

When the Shareholders' Meeting must appoint the regular and/or alternate auditors needed to complete the Board of Auditors, if it is necessary to replace auditors taken from the Majority

List of Auditors, the appointment is made by relative majority without list constraints in compliance with the applicable *pro tempore* legal and regulatory provisions on gender balance. If, on the other hand, it is necessary to replace auditors taken from the Minority List of Auditors, the appointment is made by relative majority vote, choosing from among the candidates indicated on the Minority List of Auditors or, subordinately, on the list that received the third highest number of votes, in both cases without taking into account the original candidature for the office of regular or alternate auditor, always in compliance with the applicable legal and regulatory provisions in force at the time concerning the balance between genders.

In any case, shareholders who intend to propose a candidate must first submit the same documentation regarding the latter as is required in the case of the submission of lists for the appointment of the entire Board of Auditors, if necessary as an update to what has already been submitted.

If the application of these procedures does not allow, for any reason, the replacement of the auditors taken from the Minority List of Auditors, the Shareholders' Meeting shall replace the auditors taken from the Minority List by a relative majority and in compliance with the applicable *pro tempore* legal and regulatory provisions in force at concerning the balance between genders, after the submission of nominations - accompanied for each candidate by the same documentation as provided for the submission of lists for the appointment of the entire Board of Auditors.

In the absence of candidates presented as provided for above, the Shareholders' Meeting shall resolve by relative majority in accordance with the applicable provisions of the law and regulations in force at the time regarding the balance between genders. However, this is without prejudice to different and further provisions provided for by mandatory laws or regulations.

13. MEMBERS AND FUNCTIONING OF THE BOARD OF AUDITORS

Pursuant to Article 23 of the Articles of Association, the Board of Auditors is composed of three regular auditors and two alternate auditors, who may be re-elected, in compliance with the regulations in force over time on the subject of gender balance. Attributions, duties, and duration are as described by provisions of law.

On 13 March 2020, the Issuer's ordinary Shareholders' Meeting appointed, with effect subject to the commencement of trading, the Issuer's Board of Auditors, which will remain in office until the approval of the financial statements as at 31 December 2022.

The provisions on list voting contained in the Articles of Association - which reserve the appointment of an auditor to be elected to the list that comes second in terms of number of votes after the majority list and is not connected in any way, not even indirectly, with the shareholders who submitted or voted for the majority list - will apply only from the first renewal of the Board of Auditors following the date on which trading commences.

The following table shows the members of the Issuer's Board of Auditors in office as of the Trading Start Date, indicating the position held and their main personal data.

As of the date of closure of the Financial Year, no member of the Board of Auditors has ceased to hold office, nor have there been any changes in the membership of the Board of Auditors of GVS.

Diversity criteria and policies

The Articles of Association already provide for rules for the members of the lists and supplementary voting mechanisms aimed at ensuring the presence on the Board of the minimum number of members belonging to the least represented gender, in accordance with the provisions of the applicable legislation.

The Board of Auditors in office complies with the regulations envisaged, for newly listed companies by the CFA, as amended by Law no. 160/2019 which replaced paragraph 1, Art. 1 of Law 120/2011 and, starting from the next renewal, the less represented gender must obtain at least two fifths of the elected directors and this distribution criterion will apply for six consecutive terms.

At the Shareholders' Meeting held on 13 March 2020, the individual candidates for the position of Auditor declared that they met the independence requirements of Article 148, paragraph 3, of the CFA and the Corporate Governance Code.

The independence of the directors, pursuant to Art. 148, paragraph 3, of the CFA and Article 8 of the Corporate Governance Code, was verified by the Board of Directors of the Issuer on 13 March 2020. Finally, the Board of Directors has assessed the meeting of independence requirements pursuant to Art. 8.C.1 of the Corporate Governance Code, including on the basis of the declarations made by the individual Auditors through the compilation of a specific questionnaire containing information on the offices and professional activities carried out.

The Board of Auditors verified the correct application of the assessment criteria and procedures adopted by the Board of Directors to evaluate the independence of its members and the positive outcome of this control was reported to the Board of Directors at its meeting on 13 March 2020.

As regards the initiatives promoted by the Chairman of the Board of Directors aimed at providing the Auditors with an adequate knowledge of the business sector in which the Company operates, reference should be made to what has already been illustrated in paragraph 4.2 above, "Induction Programme"

The remuneration of the Auditors is determined by the Shareholders' Meeting, taking into account the commitment required of them, the importance of the role covered and the size and sector characteristics of GVS.

At the end of the financial year, the Board of Auditors carried out its self-assessment for FY 2020 on the basis of a questionnaire, consisting of a format shared by all the members of the Board of Auditors, functional to the collection of information necessary for the self-assessment, which concerned the composition, independence and overall functioning of the control body. The results of the self-assessment were presented to the Board of Directors at its meeting on 19 March 2021.

Overall, the self-assessment provided a positive picture of the composition and functioning of the Board of Auditors. The self-assessment also showed a balanced distribution of the skills present on the Board of Auditors, which were acquired through professional and academic experience and regular participation in refresher courses. In particular, the following should be noted:

- the Board of Auditors ascertained that all members of the Board of Auditors met the requirements of integrity, professionalism pursuant to Art. 148, paragraph 4, of the CFA, and that they did not exceed the limit of the offices held pursuant to art. 148-*bis* of the CFA and Art. 144 *duodecies* et seq. of the Issuers' Regulation, as well as the verification of the independence requirements provided for by art. 148, paragraph 3, of the CFA and the criteria required by the Corporate Governance Code which came into force on 1 January 2020;
- the Board of Auditors, as a whole, is adequate to cover the task entrusted to it with reference to both the requirements mentioned above and the experience and age of its members;
- the individual members and the Board of Auditors, taking into account the positions held in other companies, have assessed that they have adequate time and resources to devote to carrying out their duties in GVS;
- with regard to the all-female composition, at the first renewal of the Board of Auditors following the listing, the lesser represented gender shall constitute at least 1/3 (one third) of the members of the body;
- preference was given to a collegial organisation of work on the basis of an annual programme of activities;
- the flow of information to the Board of Auditors is substantially adequate in terms of timeliness, completeness and clarity, although there are aspects that could be improved. In particular, it should be noted that in the period under review the Company has implemented processes, recently concluded, to expand and strengthen the internal audit function and the Supervisory Board, which the Board of Auditors hopes will bring benefits in terms of adequate exchange of information flows;
- the Board of Auditors unanimously believes that the compensation approved in the course of the election is inadequate in light of the commitment required and the time devoted to the Board's activities, the Company's organization, the size and structure of the Group and the attendance of members of the Board of Auditors at meetings of the Board of Directors and various committees. From the date of their appointment to the date on which the self-assessment questionnaire was completed, the members of the Board of Auditors attended 11 meetings of the Board of Auditors, 6 meetings of the Control, Risk and Sustainability Committee, 1 meeting of the Appointments and Remuneration Committee and 5 meetings of the Board of Directors. The assessment is also justified by the consideration that the turnover of the Company and of the group has significantly increased, with an increase of approximately 60%, compared to last year.

The Company has not presently considered it necessary to formalise and set out procedures for the obligation of auditors who, on their own behalf or for third parties, have an interest in a given Company transaction, to promptly and fully inform the other auditors and the Chairman of the Board of Directors of the nature, terms, origin and scope of their interest, instead considering that sufficient control is afforded by, on the one hand, the obligations and measures applicable to auditors in accordance with current provisions of law and regulations and the Corporate Governance Code, and on the other, the extensive collaboration and dialogue in this regard enjoyed with the Auditors, who act transparently, informing the Board fully at all times.

As illustrated in paragraph 10 above, the Board of Auditors, in the performance of its functions, has coordinated and regularly coordinates with the Internal Audit Department, the Control, Risk and Sustainability Committee, the Director in charge of the internal control and risk management system, the Executive in Charge and the Independent Auditors.

14. SHAREHOLDER RELATIONS

In accordance with the provisions of Article 9 of the Corporate Governance Code, in order to encourage the widest possible participation of shareholders in the Shareholders' Meetings and to facilitate the exercise of shareholders' rights, the Board of Directors endeavours to establish an ongoing dialogue with the shareholders based on the understanding of their reciprocal roles.

To this end, the Board of Directors ensures that an investor relator is identified and periodically assesses the advisability of setting up a corporate structure responsible for this function, which establishes an ongoing dialogue with all shareholders and, in particular, with institutional investors, in compliance with the rules and procedures governing the disclosure of inside information.

In accordance with the provisions of Article 9 of the Corporate Governance Code, on 14 February 2020, the Board of Directors established the function of investor relator. Subsequently, on 13 March 2020, Mario Saccone was appointed as head of the investor relator function, granting him all the powers necessary to carry out this task.

Moreover, in order to make available not only the most relevant documents on corporate governance, but also all press releases relating to major corporate events, as well as financial and accounting data, a special section called "Investor Relations" has been set up on the Issuer's website.

15. MEETINGS

Pursuant to Article 10 of the Articles of Association, ordinary and extraordinary Shareholders' Meetings are held at the Company's registered office or elsewhere, provided that they are in the territory of the Italian State or in another Member State of the European Union, whenever appropriate, or when convened in accordance with the law. The Shareholders' Meeting can be held with interventions in several separate places, that may be nearby or distant, audio/video connected, as long as the collegial method and principles of good faith and equal treatment of shareholders are respected. In this case, the following must apply: (a) the notice of the meeting indicates (i) in the case of video-conferencing, the audio/video locations connected by the Company where those present may gather, and (ii) in the case of teleconferencing, the telephone number to which shareholders and/or members of the Board of Directors and/or the Board of Auditors may be connected; (b) the Chairman of the Shareholders' Meeting, including through his office, is able to unequivocally ascertain the identity and legitimacy of those present, regulate the proceedings of the meeting and ascertain and announce the results of voting; (c) the person taking the minutes is able to adequately perceive the events of the Shareholders' Meeting that are being recorded; (d) those present are able to participate in real time in the discussion and simultaneous voting on the items on the agenda.

Ordinary and Extraordinary Shareholders' Meetings are usually held in a single call with the majorities required by law. Moreover, the Board of Directors may also convene the Shareholders' Meeting on second and third call in accordance with the provisions of the laws and regulations in force, explaining the terms in the notice of call.

The Ordinary Shareholders' Meeting must be convened at least once a year, within 120 (one hundred and twenty) days of the end of the financial year; when the legal requirements are met, it may be convened within 180 (one hundred and eighty) days of the end of the financial year. The meeting is called within the terms prescribed by the law and regulations in force over time.

Pursuant to Article 12 of the Articles of Association, those with voting rights may be represented at the Shareholders' Meeting, within the limits of the law, by proxy issued in accordance with the procedures provided for by current regulations. The proxy may be notified to the Company in accordance with the procedures indicated over time, subject to compliance with applicable laws and regulations.

The Shareholders' Meeting is chaired by the Chairman of the Board of Directors or, in the event of his absence, impediment or renunciation, by the Deputy Chairman, if appointed, or, in the event of his absence, impediment or renunciation, or on the occurrence of certain conditions, by the person designated by the Shareholders' Meeting itself by a majority of those present.

The meeting appoints a secretary, who may or may not be a member, who draws up the minutes, signed by the secretary and the chairman. Where required by law or when the Chairman of the meeting deems it appropriate, the minutes shall be drawn up by a notary public.

Resolutions adopted by the Shareholders' Meeting in accordance with the law and these Articles of Association are binding on all shareholders, including those who did not attend or dissented.

The constitution of Shareholders' Meetings and the validity of their resolutions, both in ordinary and extraordinary session, are governed by the provisions of the law in force over time.

The increase in voting rights is also taken into account when determining the quorums for the constitution and passing of resolutions that refer to percentages of the share capital, but it does not affect the rights, other than voting rights, due to the possession of certain percentages of the share capital.

The Shareholders' Meeting resolves on all matters within its competence by law.

The conduct of Shareholders' Meetings is governed by specific Rules for Shareholders' Meetings which were approved by a resolution of the shareholders on 14 February 2020 and have been in force since 19 June 2020, the date of the Company's listing.

The Rules for Shareholders' Meetings have been adopted to regulate the orderly and effective management of Shareholders' Meetings and to facilitate the exercise of Shareholders' rights, in compliance with applicable laws and regulations and the recommendations contained in Art. 9 of the Corporate Governance Code.

In order to regulate and facilitate the participation of those entitled to speak, Articles 10 and 12 of the Rules for Shareholders' Meetings state that those entitled to exercise their right to vote may ask to speak on the matters under discussion. Those wishing to speak must ask the Chairman to do so by submitting a written request containing an indication of the item to which the request refers, after he has read out the items on the agenda and until he has declared the discussion on the item to which the request to speak refers closed. If two or more applications are submitted at the same time, the Chairman shall hand over the floor in alphabetical order of the applicants' surnames. The Chairman may allow such requests to be made by show of hands; in this case, the Chairman shall hand over the floor according to the alphabetical order of their surnames. The Chairman, taking into account the subject matter and importance of the individual items on the agenda, as well as the number of persons requesting the floor and any questions raised by shareholders prior to the meeting that have not already been answered by the Company, may determine the period of time in any case not exceeding five minutes available for each speaker to make their speech. When this time has elapsed, the Chairman may invite the speaker to conclude within the next two minutes.

Those who have already spoken in the debate may ask to take the floor a second time for a period of two minutes, including for explanations of vote.
